

To whom it may concern,

This letter is to express my interest in the job posted for an experienced, detailed-oriented, front-end web developer. As you'll see, I have years of hands-on experience efficiently programming & coding websites and applications using modern HTML, CSS, and JavaScript while working with frameworks and fetching data from APIs.

Building state-of-the-art, easy to use, user-friendly websites and applications is truly a passion of mine and I am confident I would be an excellent addition to your organization. In addition to my knowledge base, I actively seek out new technologies and stay up-to-date on industry trends and advancements. This has allowed me to stay ahead of the curve and deliver exceptional work to all of my employers, including those I've worked for on a project basis. I've attached a copy of my resume detailing my experience, along with links to websites and applications I've had the honor of working on.

I can be reached anytime via my cell phone, 984-218-9006 or by email at eastcoastshony@gmail.com.

Thank you for your time and consideration. I look forward to speaking with you about this opportunity.

Best regards,

Shoshone Arnold
